**ASSOCIATION HEADQUARTERS RECOGNIZED AS A “BEST PLACE TO WORK”
BY THE *PHILADELPHIA BUSINESS JOURNAL***

MOUNT LAUREL, NJ, OCTOBER 26, 2006 – Association Headquarters, Inc. (AH), a leading association management company in the Philadelphia area, is pleased to announce its designation by the *Philadelphia Business Journal* as one of the “Best Places to Work” in the region. From the hundreds of entries submitted, AH was selected as one of the 50 finalists based on information and reviews provided by employees.

This award acknowledges AH’s achievements in creating a positive work environment that attracts and retains employees through a combination of benefits, working conditions and company culture. AH was honored at a special awards ceremony earlier this month, as well as within the pages of the *Philadelphia Business Journal*.

The *Philadelphia Business Journal* launched the project in July. Companies competing for this prestigious recognition encouraged their employees to complete an online survey, answering a variety of questions relevant to their work environment. More than 80% of AH employees participated in the evaluation.

“The best places to work are companies that recognize employees as their best asset, instrumental in maintaining the quality and reputation for services and products,” said Bernard Dagenais, *Philadelphia Business Journal* editor. “The right work environment can create a powerful business advantage.”

“Being a finalist is a tremendous honor and an incredible achievement for the entire AH team,” commented William MacMillan, founder and CEO of AH. “Of all the awards AH has received, this recognition means the most to us because it is a reflection of our employees’ feelings toward the company. The award acknowledges our continuing effort to create a positive work environment for our most valuable asset – our employees.”

AH is recognized as a leader in the association management company industry. The recipient of more than 50 association management awards, the company uses a continuous staff development process to offer full-service and project-based management to its now more than 25 client partners with a staff of more than 100 professionals.

Association Headquarters, Inc. (AH), based in Mt. Laurel, NJ, is a leader in the field of voluntary organization management. For almost three decades, the company has provided executive management, trade show management, meeting and convention planning, public relations, marketing, creative services, membership development and administrative support for trade associations and professional societies. AH holds a dual charter accreditation with the AMC Institute to ANSI standard and the American Society of Association Executives (ASAE).
