## **ASSOCIATION HEADQUARTERS WELCOMES TWO NEW CLIENT PARTNERS**

**MT. LAUREL, NJ, NOVEMBER 14, 2005**– Association Headquarters, Inc. (AH) will kick off the new year with two new client partners: The American Mosquito Control Association (AMCA) and the Pennsylvania Society of Health-System Pharmacists (PSHP). AH will provide AMCA and PSHP with a full range of management services, including executive and administrative support, financial management, government relations, meeting management, marketing and communications and membership services.

The American Mosquito Control Association is a scientific and educational public service association. Founded in 1935, the association is dedicated to providing leadership, information, and education leading to the enhancement of health and quality of life through the suppression of mosquito and other vector-transmitted diseases, and the reduction of annoyance levels caused by such pests. AMCA is world-wide in scope, with membership spanning more than 100 countries.

The Pennsylvania Society of Health System Pharmacists is the fifth largest state affiliate of the American Society of Health-System Pharmacists. Established in 1970, PSHP is dedicated to safe medication use in organized health care settings. This organization consists of over 1300 members in a variety of practice settings throughout the Commonwealth including hospitals, home care agencies, long-term care facilities, ambulatory care facilities, health maintenance organizations, clinics, psychiatric facilities, sub-acute and chronic care facilities, correctional facilities and colleges of pharmacy. Members include pharmacists, pharmacy technicians, students of pharmacy, and representatives of the pharmaceutical industry.

Sarah Gazi, current Executive Director for AMCA, will join the AH team in 2006, serving the association in the same capacity. Victoria Elliott, CAE, Senior Account Executive for AH, will serve as PSHP's Executive Vice President. Sarah and Victoria will oversee all activities of the associations including budgeting, financial management, staff oversight, membership recruitment and retention, regional and annual meetings, publicity and new program development.

“We are proud to welcome such exceptional groups to our client family, and look forward to continued growth and success for these organizations in the future,” commented William MacMillan, founder and CEO of AH. “We embrace the opportunity to represent such diverse client partners, and are confident that the experience and expertise of the AH team will be very beneficial to both associations.”

AH is the recipient of more than 50 association management awards. The company uses a continuous staff development process to offer full-service and project-based management to its now more than 25 client partners with a staff of more than 90 professionals.

– MORE –

Association Headquarters, Inc. (AH), based in Mt. Laurel, NJ, is a leader in the field of voluntary organization management. For more than two decades, the company has provided executive management, trade show management, meeting and convention planning, public relations, membership development and administrative support for trade associations and professional societies.
